

# Learning Differently 101

for Students

Unlocking the Power of Learning Differently

**Online Now!**

## About the Program:

This free online program is intended for all students who learn differently, including those with ADHD or learning disabilities like dyslexia, who are currently enrolled (or entering) grades 5 through 8.

90-Minute Interactive Course via Thinkific

Ongoing Resources, Tips & Inspiration via Email

Participants complete the initial introductory course at their own pace online via the Thinkific platform, which takes approximately 90 minutes to complete. Upon completion, participants receive a personalized Certificate of Achievement and exclusive access to Eye to Eye's national community with practical resources, engaging content, and special invitations

Learning Differently 101 is also available in a live workshop format facilitated via Zoom for groups of 10 or more. To request a live workshop version for your group, [click here](#).

**EYE TO EYE**  
Unlocking Greatness in  
the 1 in 5 who Learn Differently

It's more important than ever for students to feel **connected** and **empowered** as learners, as research continues to affirm the critical link between social and emotional skill development and academic outcomes. For the last 20 years, Eye to Eye has been working to connect and empower students who learn differently with the skills, role models, community, and confidence they need to be successful in school and in life.

## An Introduction to Learning Differently

**Learning Differently 101: Unlocking the Power of Learning Differently** is the perfect first step on the journey to empowerment for middle school students who learn differently! This free, online program has been intentionally designed by and for students who learn differently to help participants leverage their unique way of learning to reach their fullest potential.

Participants will gain a deeper awareness and understanding of what it's like to learn differently, become comfortable talking about learning differences in a strengths-based and empowering way, hear from students and role models navigating the same experiences, and increase their confidence through exposure to a variety of proven strategies for success.

### Students who complete this program will benefit from:

Increased understanding of what it means to learn differently and the importance of embracing their unique way of learning.

Greater comfort discussing their learning differences in an empowering way and a deeper sense of belonging and connectedness to a community of people who learn differently.

Improved confidence in leveraging allies, accommodations, and advocacy skills to overcome challenges.
